

Energy Efficiency

COMMERCIAL AND INDUSTRIAL

Scale your commercial energy savings.

Energy use often eats up a large chunk of your commercial customers annual costs—and our teams are fully equipped to meet their reduction needs. We make it easy for new or existing facilities to reconfigure the way they think about energy, set manageable energy-saving goals and reach the milestones that matter most for our environment, as well as their bottom line.

We transform the way businesses use energy.

Regardless of the size of your customer's facility, cutting back on carbon emissions and energy use to reduce operating costs requires a trusted partner with the know-how to get the job done. Our teams can guide participants through every step of their complex efficiency journeys and make improvements simple for everyone involved.

1 Assess

Backed by data and teams of energy experts, our technical in-person assessments make it easy to identify and prioritize energy-saving opportunities that have large-scale impacts.

2 Support

Connect your business community with local trade allies to plan, implement and complete energy efficiency improvements with specialists they can count on.

3 Save

From project identification to rebate processing and beyond, we'll put incentive dollars in the hands of large energy consumers to achieve the reductions our people and planet deserve.

How we get the job done

Assessment

Connect customers with energy efficiency experts online or in person.

Fulfillment

Deliver new efficient devices as well as savings directly to your customers.

Installation

Connect customers with a network of trade allies for prompt installation.

Consulting

Offer upgrades and roadmaps for ongoing improvement with our energy experts.

CLEAResult ATLAS™

Connect

Helps meet the precise needs of your customers, while keeping them on track to maximize their energy savings potential.

Insights

Leverages our expansive data framework to produce an exceptional level of customer insights and predictive operational analytics.

Marketplace

Connects customers to the common upgrades, special offers and product rebates they need to save money and energy online with ease.

Academy

Provides training resources for distributors and other participants on installation, delivery and new technologies in energy efficiency.

We change the way people use energy, *for businesses.*
