

Energy Transition

INSTALLATION

A helping hand to a cleaner future

Whether your customers prefer virtually guided installations with our energy experts or in-person assistance from a trusted local contractor, our team is fully equipped to help anyone transition to clean energy. Drawing on our decades of industry experience and robust networks of trade allies across North America, we deliver an unmatched level of service, savings and professionalism on every installation.

We connect customers to clean energy.

When your customers are ready to make the switch to clean energy, we'll be here to lend a hand wherever we're needed.

① CLEAResult Energy Specialists

Our energy specialists cover all aspects of energy transition installations for homes, businesses and any other facility that's ready to make the switch to clean energy.

② Virtual assistance

Not everyone is an expert in installing modern energy savers. Lend your customers our expertise through virtual installation guidance on any product.

③ Trade ally networks

Keep every aspect of your energy transition journey connected through locally based trade allies trained specifically on your program. From customer service to quality assurance, you'll receive an unrivaled level of trust and personalized care for each and every installation.

④ Partners

With quality installation partners on our side, we're ready to take on any project. When needed, we'll pull in additional expertise to tackle larger, more complex installations for facilities that require an all-hands-on-deck approach to clean energy transition.

CLEAResult ATLAS™

Our unifying technology solution at a glance:
